

Lubrizol Painesville's Business Policy

Our mission is to supply specialty and single-sourced additive materials and services that meet our customer commitments. Our mission is fulfilled with dedication to the Guiding Principles of Responsible Care and a robust management system designed to ensure the health and safety of our employees and community, protect our environment, and maintain our compliance and security.

Our management system is continuously improved to align with the strategic goals of our company and to drive operational excellence.

Gregory R. McCullough

Plant Manager
